Pannone Lopes Devereaux & West Appoints Stephanie B. Kosmos as Senior Counsel
Adds Depth to Municipal Infrastructure Team and White Plains, NY Office

Providence, RI – October 19, 2011 – Pannone Lopes Devereaux & West LLC (PLDW) today announced that Stephanie B. Kosmos has been appointed to Senior Counsel and a member of the firm’s Municipal Infrastructure Team. Her areas of expertise include design-build and public-private partnerships for new and existing government facilities and services, including water and wastewater systems, solid waste disposal facilities and services, and energy related projects. She will concentrate her practice out of the firm’s growing White Plains, NY office.

Ms. Kosmos has more than a decade of legal experience advising clients on all phases of project development and asset ownership, including risk analysis, procurement practices and procedures, contract negotiation, asset operation, and regulatory compliance matters. She has represented governments of all sizes, including municipalities, counties, public authorities and agencies located throughout the country, as well as private companies on project development and asset ownership.

Ms. Kosmos earned her J.D. from Boston University School of Law, where she was Editor-in-Chief for the Probate Law Journal, and her undergraduate degree from Boston University, College of Communication. She is admitted to practice law in New York.

“Stephanie’s strong background and expertise serving municipal governments and fostering public-private collaboration on alternative delivery projects will serve our growing client portfolio well,” said PLDW Partner Teno A. West, who leads the Municipal Infrastructure Team. “We are delighted that someone of her high caliber has joined our team.”

The PLDW Municipal Infrastructure Team provides legal advice and consultation to public entities involved in the construction and improvement of all types of public facilities, including water and sewer facilities, municipal buildings, recreational facilities, transportation systems and other public projects, and are in the forefront of legal developments in the field of project management, particularly those constructed on a design-build or design-build-operate basis, from bonding to structuring contract documents, insurance or other aspects of municipal law as it relates to public projects.
