**Pannone Lopes Devereaux & West legal experts to address challenges
of social networking and e-communications in the workplace**

East Greenwich Chamber of Commerce to host Nov. 16 event

Providence, RI (November 8, 2010) – Pannone Lopes Devereaux & West LLC (PLDW) Partner William E. O’Gara and Senior Counsel Brian J. Lamoureux will address the complexities of e-communications, social networking websites like Facebook and MySpace and privacy rights in the workplace on Tuesday, Nov. 16 at the Atria Harborhill, 159 Division Street, East Greenwich. The one-hour workshop begins at 7:30 a.m. and is part of the East Greenwich Chamber of Commerce’s programming events. Both attorneys are frequent guest speakers to organizations and leading business groups interested in learning more about legal rights and responsibilities of e-communications and social networking in the workplace. The East Greenwich Chamber of Commerce has invited other Southern Rhode Island chamber members to take part in this free informational session. Pre-registration is recommended by calling the Chamber at 401-885-0020 or emailing bev@eastgreenwichchamber.com.

The seminar is entitled, “E-communications and Workplace Law” and will highlight the critical need for business owners to consider having clear personnel policies in place that address the use of company electronic devices and social networking websites, texting and email protocols, instant messaging (IM) and other forms of electronic communications by employees. The interactive seminar provides practical scenarios as discussion points.

“These issues are complex for business owners and employees,” said Mr. O’Gara. “The use of electronic communications in the workplace is here to stay and by having clear policies in place may help to avoid conflicts in the workplace. We are pleased to provide this seminar as a starting point of discussion for business owners considering or preparing to implement new policies into their personnel handbooks.”

Mr. Lamoureux, who was recently interviewed by NBC10 on the evolving nuances and legal complexities of the use of Facebook in the workplace, said, “the technology of e-communications is advancing so fast that the courts are hard-pressed to keep pace with this paradigm shift of how the public shares information. Although there are still more questions than answers in this area of the law, it is important for business leaders to be informed and implement effective policies today.”

To register, please contact the East Greenwich Chamber of Commerce at 401-885-0020 or by email at bev@eastgreenwichchamber.com.
